

# Co-op Readiness Report

Prepared for: sha

Computer Science | University of Toronto | Year 2 | Fall Season | Generated: May 04, 2026

## Student Profile

|                 |                                                                                                          |
|-----------------|----------------------------------------------------------------------------------------------------------|
| Name            | sha                                                                                                      |
| University      | University of Toronto                                                                                    |
| Degree          | Computer Science                                                                                         |
| Season          | Fall Co-op                                                                                               |
| Year            | Year 2 of Study                                                                                          |
| Skills          | python                                                                                                   |
| Degree Exposure | Based on your degree, you likely have exposure to: Python, Java, Git, Linux, Object-Oriented Programming |

## Top In-Demand Skills (Market Overview)

### Technical Skills

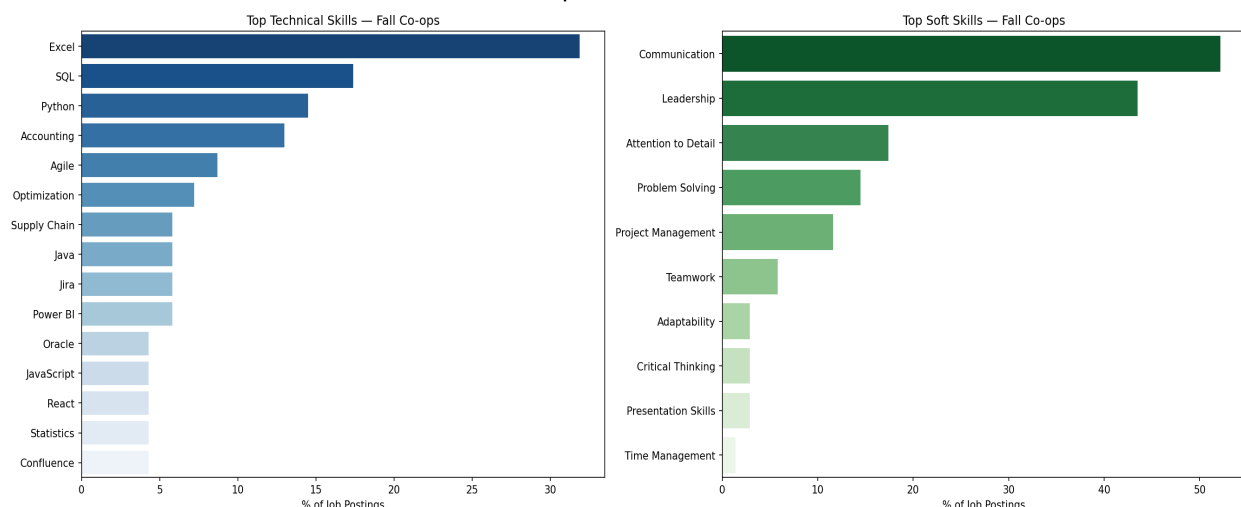

| Skill        | Demand % | Status    |
|--------------|----------|-----------|
| Excel        | 31.9%    | ✗ Missing |
| SQL          | 17.4%    | ✗ Missing |
| Python       | 14.5%    | ✓ Have it |
| Accounting   | 13.0%    | ✗ Missing |
| Agile        | 8.7%     | ✗ Missing |
| Optimization | 7.2%     | ✗ Missing |
| Supply Chain | 5.8%     | ✗ Missing |
| Java         | 5.8%     | ✓ Have it |
| Jira         | 5.8%     | ✗ Missing |
| Power BI     | 5.8%     | ✗ Missing |

### Soft Skills

| Skill               | Demand % | Status    |
|---------------------|----------|-----------|
| Communication       | 52.2%    | ✗ Missing |
| Leadership          | 43.5%    | ✗ Missing |
| Attention to Detail | 17.4%    | ✗ Missing |
| Problem Solving     | 14.5%    | ✗ Missing |
| Project Management  | 11.6%    | ✗ Missing |
| Teamwork            | 5.8%     | ✗ Missing |

### Skill Demand Visualized

## Co-op Skill Demand — Fall

## Skill Gap Analysis

Based on your **Computer Science** degree at **University of Toronto**, you are missing **12** key technical skills from the top 20 most demanded in Fall co-op postings:

Accounting • Agile • Excel • JavaScript • Jira • Optimization • Oracle • Power BI • React • SQL • Statistics • Supply Chain

## Top Job Matches — Computer Science, Year 2, Fall

Jobs filtered for: **Software Engineering, Data Science, Data Analytics, DevOps/Cloud, Cybersecurity, Product/Project Management**

| # | Job Title & Apply Link                                                                                                                                       | Company | Fit Score | Tier       |
|---|--------------------------------------------------------------------------------------------------------------------------------------------------------------|---------|-----------|------------|
| 1 | TD Asset Management Portfolio Analytic...<br><a href="https://ca.indeed.com/viewjob?ik=c84437297ccc...">https://ca.indeed.com/viewjob?ik=c84437297ccc...</a> | TD Bank | 42.3%     | Good Match |
| 2 | Data Engineer Intern/Co-op (Fall 2026)<br><a href="https://tdbank.jobs/toronto-on/data-engineer-...">https://tdbank.jobs/toronto-on/data-engineer-...</a>    | TD Bank | 36.5%     | Good Match |

## Recommendations

Your average fit score across matched jobs is **39.4%**. For a Year 2 Computer Science student, a strong match is **55%+**.

### Top skills to learn next for Fall Computer Science co-ops:

1. **SQL** — missing in 2 of your top matched jobs
2. **React** — missing in 1 of your top matched jobs
3. **REST API** — missing in 1 of your top matched jobs
